

A RACING INDUSTRY NIGHT IN SUPPORT OF BRETT PARTELLE

AUCTION ITEMS

Tuesday 7 October 2014

Newmarket Room, Inglis Complex, Randwick

WELCOME

The NSW Trainers Association in conjunction with Inglis welcomes you and thanks you for supporting Brett Partelle and his family.

In October 2010, Brett suffered an horrendous incident where he was basically crushed by a horse in the race course tie-up stalls and was very lucky not to lose his life. During this time Brett has suffered severe physical, financial and emotional stress. Through this period Brett spent close to 40 days in hospital. His life was thrown into chaos through no fault of his own. Brett has been under the guidance of top specialists at St Vincent's Hospital and through rehabilitation has made giant steps towards hopefully a positive long term recovery .

Brett has a partner and young family who have all suffered throughout his ordeal as their life was turned upside down due to this incident in October 2010. Previously, Brett did not wish for any assistance, but the NSWTA felt that we needed to try to help Brett and his family get back on their feet and hopefully get back involved in the industry. Brett over many years has always supported the industry and now it's our turn to give back in a time of need. We hope the industry will support Brett and his family the same way which will assist in his recovery and hopefully allow Brett to get back to what he loves and does very well.

The Australian Racing industry has a proud history of helping their own in a time of need and this is no different.

Thank you for your support.
